Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been receiving Procyde for many
years to help with PMS and now pre-
menopausal treatment. I appreciate getting
them sent to me as needed through the
mail. I cannot imagine getting these
any other way. Please consider convenience
for customers like myself.
